

L.A. Lift Services philosophy has always been to ensure the longest life of your forklift at the lowest cost possible. We achieve this through preventative maintenance and repairs. Our industry professionals can custom tailor a program specific to your company and equipment needs. To guarantee the success of your maintenance program, we employ highly skilled technicians that are trained to handle all makes and models of material handling equipment.

Flat Rate Service Charges Based On

Propane and electric forklifts and pallet jacks \$105 per hour

Aerial equipment \$105 per hour

Preventive services \$65 per hour

No service call charges

No drive time charges

Discounted rentals for shop repair jobs

All repairs and maintenance are billed at a standard set rate. This system establishes a set labor price for any repairs made no matter how long the repair takes. This system will decrease down time through technician efficiencies, and eliminate over billing due to inefficiencies and unknown circumstances. All drive time and service call charges are part of the set rate.

SHOP EVALUATION SPECIAL

INCLUDES TRANSPORTATION TO & FROM SHOP, STEAM CLEAN, FULL EVALUATION, AND ESTIMATE FOR RECOMMENDED REPAIRS.

\$295.00

(REGULAR RATE \$385.00)
